Research Interests

I study how predictive algorithms shape decisions in public and institutional settings, especially in education. My work focuses on algorithmic fairness, stakeholder involvement and responsible AI governance, using machine learning, mixed methods and algorithm audits to evaluate these systems and make them better.

Education

PhD in Social Data Science 2024 – present
University of Copenhagen
– Supervisors: Andreas Bjerre-Nielsen (University of Copenhagen) and René F. Kizilcec (Cornell University)
– Focus: predictive modeling, algorithmic fairness and education; combining mixed methods with algorithm audits for participatory algorithm design

MSc in Social Data Science 2021 – 2024
University of Copenhagen
– Thesis: *Using Machine Learning to Predict University Dropout: A Study on Accuracy and Fairness* (grade 12/12)

BA in Sociology with Economics 2018 – 2021
Charles University, Prague
– Graduated with honours

Awards

2026 **Fulbright Schuman Scholarship**, *doctoral research grant, academic year 2026/2027*
2026 **Academic Guest House Residency**, *Bikuben Foundation, New York*
2018–21 **Scholarship for excellent academic results**, *Charles University*

Research Positions

Visiting PhD Student Jan 2025; Jan 2026
Future of Learning Lab, Cornell University, Ithaca, NY

Guest Researcher 2023 – present
Statistics Denmark

Secondee, EU NeEDS (Network of European Data Scientists) June 2024
University of Seville; Marie Skłodowska-Curie programme

Research Assistant 2023 – 2024
Center for Social Data Science, University of Copenhagen

Research Assistant 2022 – 2024
Sustainability Centre, Copenhagen Business School

Publications

Working papers

– **Participatory Model Selection: Turning Stakeholder Deliberation into Constraints for Student Dropout Prediction**
Blazkova, T., Kizilcec, R. F., Bjerre-Nielsen, A., Koenecke, A.

Published

– **Queering the Audits: Community-Based Auditing of AI Harms to Queer Communities**
Organizers of Queer in AI, Pranav, A., Valentine, A. A., Markham, A., LeClair, B., **Blazkova, T.**, Kornilitsina, E., Bruun, S. H., Spanakis, G., Lauscher, A.
Identity-Aware AI Workshop (IAAI) @ LREC 2026
– **Fairness Over Time: A Nationwide Study of Evolving Bias in Dropout Prediction**
Blazkova, T., Kizilcec, R. F., Nielsen, M. L., Lassen, D. D., Bjerre-Nielsen, A.
Proceedings of the Twelfth ACM Conference on Learning @ Scale (L@S '25), 2025
– **Sentiments and Sustainability: Stakeholder Perceptions of Sustainable Fashion on Social Media**
Blazkova, T., Pedersen, E. R. G., Andersen, K. R.
Journal of Fashion Marketing and Management, 2025
– **Greenwashing Debates on Twitter: Stakeholders and Critical Topics**
Blazkova, T., Pedersen, E. R. G., Andersen, K. R., Rosati, F.
Journal of Cleaner Production, 2023, 139260

Talks and Presentations

2026 **Modeling Student Academic Trajectories**, *Professional Academic Advising Community (PAAC) Conference*

2025 **The Role of Outcome Imbalance in Fairness Over Time**, *poster, Unifying Perspectives on Learning Biases Workshop, EurIPS, Copenhagen*

2025 **Using National Registries for Predicting Educational Outcomes**, *invited, Charles University (Sociologické zahraničení), Prague*

2025 **Fairness Over Time in Dropout Predictions**, *FAIR4AIED Workshop at AIED, Palermo*

2025 **Participatory AI Design for Dropout Prevention Algorithms**, *Learning Analytics in Practice (LAP25), online*

2025 **Variations in Learning Pathways Among Students with Disabilities and Algorithmic Fairness**, *invited, Future of Learning Lab, Cornell University*

2025 **Using National Registries for Predicting Educational Outcomes**, *Czexpats in Science, Embassy of the Czech Republic, Copenhagen*

2024 **Predicting University Dropout: A Study on Accuracy and Fairness**, *invited, European Centre for Algorithmic Transparency, Seville*

2023 **Corporate Sustainability between Aspirational Talk and Greenwashing**, *CBS Sustainability Centre Seminar, Copenhagen*

Teaching and Supervision

Thesis Supervisor Oct 2025 – Jan 2026

Center for Social Data Science, University of Copenhagen

– Supervised 5 graduate theses and 2 industrial internships through bi-weekly meetings on research questions, methods and analysis

Teaching Assistant, Digital Methods Apr – May 2025

Center for Social Data Science, University of Copenhagen

– Led weekly exercise classes in a graduate course on digital mixed methods

Guest Lecturer, Data Governance Feb 2025

Center for Social Data Science, University of Copenhagen

– Lecture: *Predictive Analytics and Its Ethical and Political Implications*

Teaching Assistant, Data Governance Jan – Mar 2023

Center for Social Data Science, University of Copenhagen

– Led weekly exercise classes on legal, political and ethical aspects of data governance; guided 16 students' projects

Service and Leadership

PhD Student Representative Jan 2025 – Dec 2025

Center for Social Data Science, University of Copenhagen

– Represented doctoral students in department policy; led efforts to simplify the teaching-hours system and improve onboarding for new PhD students

Social Committee Member Oct 2024 – Dec 2025

Center for Social Data Science, University of Copenhagen

– Planned community-building events for students and staff

Graduate Study Board Representative Sep 2022 – Jan 2024

Center for Social Data Science, University of Copenhagen

– Contributed to curriculum and programme policy; helped introduce conditional use of LLM tools in take-home exams

Co-founder, Social Data Science Student Subject Council Sep 2022 – Jan 2024

Center for Social Data Science, University of Copenhagen

– Coordinated the first Regional Social Data Science Student Conference, with participants from four universities

Reviewer 2026

– AAAI Conference on Artificial Intelligence, AI for Social Impact (SI) track

– AES Symposium on Agent Evaluation Science

Skills

Programming Python (pandas, scikit-learn, PyTorch, TensorFlow, spaCy, AIF360); R (tidyverse, ggplot2); SPSS

Methods Machine learning, algorithmic fairness and auditing, natural language processing, network analysis, mixed methods, participatory design
